Short Talk 1

Hello everyone, and welcome back to our special report. For the past few years, we've heard talk about how self-driving cars will be the cars of the future. One of the companies to first show off this technology was Google. Although the cars seemed impressive, people had many questions about them. Some wondered if these cars were safe. Others asked if the computers that help the car drive could be accessed by thieves. Currently, several companies are testing self-driving cars on the open road. Accidents are rare, and none of the cars have had their computers hacked. However, it could still be years until these cars

are common.

Thank you for coming to our meeting today, everyone. As you know, our staff at Step 30 donates shoes to children in Africa who need them. We know that as shoe manufacturers, you sometimes have shoes that are not made to your standards. However, instead of throwing them away, we hope you can give them to Step 30.

The children whom we give shoes to all live in the Mount Elgon region of Kenya. They must walk two to four hours a day to school. The dirt roads they walk on are full of rocks. What's worse, fleas bite their feet as they walk outside. That's why we ask you to please give us any shoes you don't want.

    (A) A popular shoe maker.
    (B) A child from Africa.
    (C) Someone from Step 30.
    (D) A school teacher from Kenya.

B 18. What do we learn about the children in Kenya?
    (A) They have shoes they don't need.
    (B) They don't have shoes to wear.
    (C) Many of them work for Step 30.
    (D) They have to fight in wars.

Short Talk 3

Have you seen *Space Battle*? It's the latest action movie out in theaters. However, it's gotten some mixed reviews. For example, some people wrote *Space Battle* had the best fight scenes of all time. Others thought they were the worst. I was also interested in *Space Battle* because it features my favorite actor, Brian Rosgling. I read that he gave his best performance in this movie. Then, I saw on a short Internet video that some people thought his acting was completely dull and flat in *Space Battle*. I guess the only way to know for sure if I'll like the movie is to see it myself!

C 19. What is this passage mainly about?
    (A) The speaker's date at the movies.
    (B) Brian Rosgling's acting career.
    (C) Some opinions of a movie.
    (D) How the speaker liked *Space Battle*.

D 20. Which of the following is NOT mentioned about *Space Battle*?
    (A) An actor who stars in it.
    (B) What kind of movie it is.
    (C) Why some people didn't like it.

(D) When the speaker will watch it.
